

10634 Shoemaker Avenue, Santa Fe Springs, Ca. 90670 USA Phone 562-968-2100 Fax 562-968-2110 .www.EJBSCO.com

Subject: 2002/95/EC (RoHS - Restriction of Hazardous Substances), AB1953 (California Law for drinking water), & REACH (Registration, Evaluation, Authorization and Restriction of Chemicals).

To Our Valued Customers:

Based on our suppliers certifications, the materials and substances listed in the RoHS directives; specifically lead, mercury, cadmium, hexavalent chromium, PBB and PBDE's, or the substances with concentrations > 0.1% listed by REACH, are not intentionally added to or believed to be contained in any non-plated raw copper alloys or engineered plastics supplied by The E. Jordan Brookes CO., Inc. This includes material during processing, or packaging Materials.

However, possible traces equal to content naturally occurring in mined copper may exist, which is well below the allowable percentages.

Please also be advised that the substance "DecaBDE" is not present in our processes or any of our components.

Therefore, E. Jordan Brookes is compliant with RoHS, REACH, and AB1953, based on our supplier's certifications, and we assume no liability in any form for damages, or any legal costs, caused by materials supplied that may be out of compliance. All Suppliers are required to notify E. Jordan Brookes Co., Inc. of any material that does not meet these standards and we would notify our customers.

E. Jordan Brookes does not know and is not responsible for what customers make their parts for.

NOTES:

1. *E. Jordan Brookes orders copper alloys to the ASTM B standards.*
2. *The Official Journal of the European Union (RoHS) (L 37/23 #6), allows up to 4.00% Lead by weight in copper alloy,*
3. *It is the responsibility of Customers to check for special compliance of any special request for material that E. Jordan Brookes Co., Inc. does not carry as standard stock item,*
4. *Any customer, whom has doubts about our formal "Mill" certifications, should test for chemistry before use of the materials,*
5. *Customers that need material to the California law AB1953 for water drinking are responsible not to order UNS 36000 leaded brass or other materials that have more lead then .25%.*

If you need more information, please feel free to contact us.

Sincerely yours,

President & CEO: Robert J. Brookes Jr.
